New Delhi, May 7, 2015: ixigo.com, India's leading mobile travel planning & search app, has recently won the bronze award in the category 'Best Mobile Innovation' at Mobillion Awards 2015 for its ixigo cabs app. The app aggregates cab information and helps Indian travellers find the nearest taxis and cabs around them anywhere in India at the tap of a screen.

Within a month of launch, ixigo cabs app has bagged the prestigious Mobillion Award at an award function held in Mumbai.

Aloke Bajpai, co-founder & CEO, said "The Mobillion award is yet another recognition for ixigo to be proud of its focus on needs of travelers & commuters. We realized that finding cabs across multiple apps is becoming a large enough pain area to deserve an app. We are now working closely with taxi aggregators, cab providers, taxi fleet owners and auto-rickshaw aggregators to integrate more ground transportation providers and give them qualified users and bookings."

Launched for Android first, users can [download](#) ixigo cabs app from the Play Store, where it has a 4+ rating and is 50,000 downloads from 100+ cities already. ixigo plans to add inter-city cabs, ride-sharing providers and independent tourist taxi operators to its app in the near future.
